Re: **Val Margarit**

Dear Search Committee:

I am writing this reference at the request of Dr. Val Margarit, who is applying for a position at your institution.

Dr. Val Margarit, worked with me at Digital Media Arts College (Lynn University) in the role of faculty and later as the Chair of General Education. At the time, I was the institution's Chief Academic Officer. During her employment, Dr. Val Margarit demonstrated a number of strengths. She was strongly committed to mentoring and demonstrated remarkable teaching and training skills. She demonstrated exceptional skills in both online and residential course development and teaching strategies. She coordinated the general education department and ensured that the strategic goals of the core programs and general education courses were met through effective curriculum development, engagement with various departments and community groups, events and faculty recruitment.

Dr. Val Margarit frequently demonstrated exceptional passion for the development of those around her, and a commitment to lifelong learning. In almost three decades of higher education, I've met very few individuals with such a robust passion and commitment to each and every student's success. In conclusion, after a review of the job description and based on what was demonstrated by Dr. Val Margarit during the period we worked together, she would be an exceptional candidate for a faculty position at your institution.
